Facilitial Salisation Page 57

Table 7-12. Expenditures for needed capital projects to repair/renovate science and engineering (SEE) research facilities, as identified in an institutional plan, at predminantly undergraduate institutions; by institution type and field: 1994 [Current dollars inmillions]

Field	Nondoctorate HBCUs	Comprehensive universities	Liberal arts colleges
Total	5.6	178.3	54.8
Engineering	1.9	0.4	0
Physical sciences	2.5	80.4	24.2
Environmental sciences	0	9.4	6.1
Mathematics	0	12.3	1.5
Computer sciences	0.2	0.2	0.9
Agricultural sciences	0.3	0	0
Biological sciences	0.8	68.9	12.8
In universities and colleges	0.8	68.9	12.8
In medical schools	0	0	0
Medical sciences	0	2.7	0
In universities and colleges	0	2.7	0
In medical schools	0	0	0
Psychology	0	3.7	8.5
Social sciences	0.1	0	0.8
Other, not elsewhere classified	0	0.1	0
¹ The Carnegie Classification of Institutions of Higher Education is used to distinguish between two different groups	Education is used to distinguish betw	een two different groups of predomin	of predominantly undergraduate institutions:

award bachelor's degrees and that grant more than half of their degrees in the liberal arts. universities, those that offer a liberal arts program along with other programs such as engineering, business administration, or nursing; and liberal arts colleges, those

developing new programs or expanding the number of faculty. programs; (2) construction must not be scheduled to begin during fiscal years 1994-1995; (3) construction must not currently have funding; and (4) the space must not currently have funding; and (4) the space must not currently have funding; and (4) the space must not currently have funding; and (5) the space must not currently have funding; and (6) the space must not currently have funding; and (7) the space must not currently have funding; and (8) the space must not currently have funding; and (9) the space must not currently have funding; and (9) the space must not currently have funding; and (9) the space must not currently have funding; and (9) the space must not currently have funding; and (9) the space must not currently have funding; and (9) the space must not currently have funding; and (10) the space must not currently have funding; and (10) the space must not currently have funding; and (10) the space must not currently have funding in the sp requires repair/renovation or new construction." Four critieria were used to define deferred space: (1) the space must be necessary to meet the critical needs of a NOTES: In order to obtain an estimate of needed funding, institutions were asked to report whether an approved institutional plan existed that included "any deferre

Dollar amounts are reported in current dollars, unadjusted for inflation. See table A-5 in the Technical Notes for the inflation adjustment used in Volume I of this report

KEY: "HBCUs" = Historically Black Colleges and Universities
